Welcome Home

Advantage

Beauty meets strength. Elegance meets distinction.
Masterpiece meets innovative engineering.
Westbury® Aluminum Railing is designed with
these essential elements in mind.

With a variety of designs, colors, and textures,
you have the power to decide what fits your home.
Whether you are adding railing to the front
of your home or to the deck in the back,
Westbury® Aluminum Railing can turn your home
into a welcoming retreat.

Includes:

- AAMA 2604 and 2605 PCI Certified Powder Coating
- Leveling feature on posts
- PVC inserts hold sections tight, eliminating baluster noise
- Straight, corner, and stair crossover posts available
- Fixed straight and stair rail hardware
- Radius sections, customized to your needs, available in most Westbury® products
- IBC Code approved aluminum posts and railing (specified models)
- Miami Dade Approved (specified models)
- Lifetime Limited Warranty

Powder Coating

Westbury® Aluminum Railing powder coating is an uncompromising quality created by state-of-the-art technology. AAMA 2604 and AAMA 2605 is the highest quality powder coating on the market. Our lifetime limited warranty provides you peace of mind in your investment.

Exclusive DSI Powder Coating Process

The raw premium-grade aluminum is inspected to be free of blemishes and is not exposed to the outdoor elements.

The product enters a heated acidic cleaning stage to remove extrusion debris and fabrication oils.

CLEAN: City water rinse

CLEANER: Recycling reverse osmosis water rinse

CLEANEST: Pure reverse osmosis water rinse

SEALER: Dried-in-place aluminum sealer

A 200 MPH air blast removes water drops from the pre-treated aluminum. A convection oven completes the dry-off process.

Powder is applied with 18 automated and 2 manual spray guns. Compressed process air is dried to -35°F Dew Point for superior adhesion.

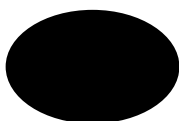

The powder coating is then bonded and adhered to the aluminum sub-straight in a 400 degree cure stage.

Colors

Westbury® Aluminum Railing is offered in a variety of standard colors, as well as custom colors, to compliment your style. From satin colors to textured colors to multi-colors the possibilities are endless. Westbury® Aluminum Railing (including ScreenRail) is offered in 12 standard AAMA 2604 colors. Custom colors and AAMA 2605 colors are available by special order.

RIVIERA III

Available in square (Style C33*) or round (Style C331) balusters.

RIVIERA IV

Available in square (Style C34*) or round (Style C341) balusters.

CCRR-0163 complies with IBC, IRC, and FBC

For 4' through 6' Sections

Montego

Montego (Style C20) creates an eye-catching look with the curved lines of architectural balusters. Imagine an inviting design like this for your home.

Veranda

Veranda (Style C70) creates a phenomenal viewing area. The crystal clear design incorporates full glass panels into the classic 2-rail design. Whether you have a view of land or water, Veranda gives you an open concept with the security of a full railing section.

Glass may be sourced locally, for this option purchase Veranda without the glass.

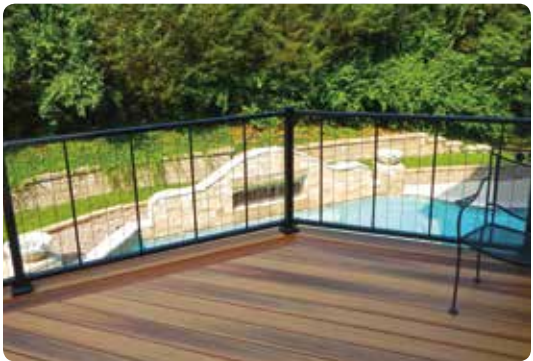

CCRR-0163 complies with IBC, IRC, and FBC

VertiCable®

It's your view – don't hide it. With contemporary vertical cables and balusters VertiCable® provides architectural style with a virtually unobstructed view. Westbury® VertiCable (Style C80) has been revised for added strength and durability. Sections are factory assembled, tensioned, and shipped on pallets ready for quick installation.

Patent Pending

Gates

DSI offers gates for most of our Westbury® Aluminum Railing products. (Gates are not available in the Montego and ScreenRail lines.) Gates allow the flexibility to “enclose” your railing area keeping your family safe from stair hazards and your pets limited to your deck or patio area. All Westbury® C Series gates, with the exception of Veranda, are adjustable gates. (Veranda is a welded gate)

ScreenRail

Expand your living area and enjoy the outdoors without the insects. Westbury® ScreenRail offers the option of either a structural balcony railing system or heavy-duty kick panel system. Features include easy to assemble sections, assembled universal door (right or left hand hinge) with heavy-duty frame, and durable flat spline to secure the screen. With a Lifetime Limited Warranty, ScreenRail is a premium system designed to keep you outdoors without being “bugged” by insects.

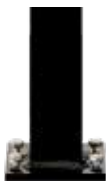

Outward Swing Door Only
